A crown

above a crown and para-

as in chute; as in brilliant sol suspended;

a cloud of leaves, lid of clouds,

as umbra- as she is, -ella, she that

dappled shadow, refined shade,

bowl with slender bones or none; a jelly bell!

or halo on a day like this now awe-ning

into evening; to be lovely and aloft above.

this berth, safety net on high and

eyeing, as it holds,

a chamber, a garden, a home.
