By Monica Förster, 2015

Model	8801 -
About	The Savannah Chair is a masterful merging of structure, softness and materiality. Saddle leather forms a framework that wraps around the soft seat and back cushions supported by a solid wooden core. The two smaller inner cushions for the armrests enhance the comfort with almost a cocooning feeling. The chair showcases our heritage of craftsmanship and love of natural materials, seen in the use of leather and fine woodworking.
