

River Coffee Table

Creating harmonious curves reminiscent of nature, the River Coffee Table is the perfect centrepiece, allowing conversations to roll naturally. As the layers bend in unison like a meandering river, this oval coffee table creates a sense of harmony and tranquillity.

The River Coffee Table is artfully constructed using three layers of sustainably sourced beech wood. Each piece is carefully steam bent by hand, mirroring the gentle curves and organic patterns found in nature. The sleek transparent glass top provides a stage for the enchanting grain patterns and rich tones of the wooden base, celebrating the beauty of beech wood in all its glory. Perfect for gathering around with loved ones, this statement coffee table is an iconic addition to any living space.

Making sustainable living beautiful.
