# Balcony Collection New Variants

Designed for HAY by French designers Ronan and Erwan Bouroullec, Balcony is an extensive collection of outdoor furniture. The square design is softened by the rounded edges and holes, which not only give the collection a distinct expression, but also strengthen the construction. Balcony has recently been updated with new models that expand the collection's functionality and application possibilities. Now available as a dining chair & dining bench, lounge bench, stool & bar stool, and low table, giving users even more opportunities for creating versatile al fresco set-ups for eating, relaxing and socialising. Made in powder-coated steel with an outdoor primer for optimal resilience and durability, the collection of outdoor furniture is well suited to balconies, gardens and other outside spaces. All Balcony models are available in different colour options.

Ronan and Erwan Bouroullec
