This limited-edition design has been crafted to celebrate 15 years of Tom Raffield sustainable designs, from his first showstopping piece in 2008 to his growing range of iconic homeware in 2023!

Undulating timber petals navigate over and around. Where simple, honest design meets our signature curves, the Skipper Lighting Range leads the charge.

Bold, ebonised design and our sought-after wooden aesthetic, merged. Formed from ebonised, sustainably sourced, Poplar wood, each Noctis Small Skipper Pendant is individually handcrafted by our skilled workshop team using a dry construction method to last over a lifetime.

Invite darkness into the light. Make a statement in your space.
