DESCRIPTION

HATTRICK is a porcelain with cutting-edge modern coatings—even with an antiqued effect. With materials worn by the passage of time, from iron tarnished by air to stone eroded by water, HATTRICK transforms any home, station, or loft area with urban flair.

INSTALLATION & MAINTENANCE

HATTRICK may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architessa sales representative will advise you on general installation questions.
