DESCRIPTION

CRAFT WOOD comprises a splendid collection of different types of timber, all sharing the same chromatic language. A mixture of marks, knots and vein patterns with immense tactile appeal, which recount the natural passage of time in different tones of voice, to respond to every architect and designer's individual requirements. CRAFT WOOD is a perfect choice for modern homes and those seeking a style that combines innovation with comfort and tradition.

INSTALLATION & MAINTENANCE

CRAFT WOOD may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architessa sales representative will advise you on general installation questions.
