Lead times for specialty & non-stocked items varies depending on product ordered, quantity, and destination. Please contact ACI to determine the lead time to order samples and material.

DESCRIPTION

Constantine is a fantastic stone-replica of the hottest selling grey natural stones on the market. It is a durable porcelain tile great for any application.

INSTALLATION & MAINTENANCE

Constantine may be installed using standard ceramic installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architectural Ceramics sales representative will advise you on general installation questions. Please note that ACI does not recommend grout joints smaller than 1/16" for ACI Stock material.
