## DESCRIPTION

Some works are untouched by time. Amongst them is Nuovo, the collection freely inspired by ageless travertine stone. Strong and lovely as the natural stone, Nuovo expresses contemporary taste in a new series with an exquisite surface, skillfully designed with subtle marks that evoke hand-workmanship in four different shades. The simple, refined surface is available in natural and lappato finishes to underline the modernity of an exclusive elegance. The Rome deco highlights the collections affinity with works of sculpture, with tactile waves in which the material creates effects with reflections and relief textures.

## INSTALLATION & MAINTENANCE

Nuovo may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architectural Ceramics sales representative will advise you on general installation questions. The manufacturer of this product recommends a 2mm grout joint.
