Ka-nū

Japanese for canoe, the Ka-nū series is guided by the colorful, streamlined vessels that traverse serene waterways, whitewater rapids, and surging waves. The ceramic tile collection comprises three architecturally dimensional surfaces: Keel, Plank, and Buoy Mosaic. With each tile, artisans implement a specialized glazing process to create vibrant pearlescent colors with an exquisite luster. The diverse selection of hues and color blends are available in all three patterns to reach your desired destination.
