DESCRIPTION

SPATULA is a collection of double fired ceramic wall tiles that combines contemporary design with handmade perfection. The name SPATULA comes from the tool used to spread the glaze on the bisque, by hand, that gives an irregular and unique appearance to each piece.

INSTALLATION & MAINTENANCE

SPATULA may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architessa sales representative will advise you on general installation questions.

TECHNICAL INFORMATION

TYPE: CERAMIC
ORIGIN: ITALY
