Artus Floor Light

A fine birch dowel cage contains its blown-glass bulb within. Daring yet delicate, the Artus Lighting Range diffracts a mesmerising pattern of shadows, dramatising your space.

270 ethereal dowels are slotted into a complex birch plywood frame that shrouds an exposed filament bulb. Intricately placed, each illuminated pillar distributes kaleidoscopic, vertical shadows that delights the eye of the beholder. Handcrafted from sustainably sourced wood, this striking wooden floor light provides eccentric beauty to any bedroom, hallway, or living space alike.

Illuminate. Delight. Draw the eye.
