# RESPONSIBLY CRAFTED FROM THE WORLD’S FINEST FIBRES

de Le Cuona has evolved to become the best-known purveyor of luxury linen and textiles for interiors, with a 27-year history.

All the fabrics are responsibly crafted from the world’s finest fibres. Using the best artisans, and traditional and innovative techniques by specialist mills, these natural fibres become some of the most beautiful fabrics imaginable.

Founder and CEO Bernie de Le Cuona leads the design and creative direction as well as business operations. With her vision this global brand has showrooms in London and New York, and a network of elite distributors and agents worldwide. The headquarters are in Royal Windsor.

**Edward Watson**  
*Royal Ballet Principal Dancer*  
Photographed and Art-Directed by  
**Damian Foxe**

Bernie de Le Cuona invited Edward Watson, a principal dancer at The Royal Ballet in London to explore the relationship between textiles and art forms - a connection that de Le Cuona is renowned for.

The campaign is captured in stills and film, shot and art directed by Damian Foxe. The fibres of the fabric and human body interlace. Imagination and the ability to translate textiles into movement makes this a masterpiece of artistic expression. A first for an interior fabric house that pushes design boundaries.

Creating unique fabric is an art. The Studio Collection is a curated compilation of intricate fabrics made of flax, wool and silk made by master craftsman using techniques passed down from generation to generation.

# ATELIER

Atelier is a double-width 100% sheer linen fabric which is fully reversible and inspired by London’s modern skyline. The tightly twisted yarns are woven on a leno loom, which interlocks them to create an open structure. The yarns are combined to create a linear, architectural design, reminiscent of the city. This structural sheer comes in a variety of contemporary neutrals, perfect for modern living.

## HAIKU

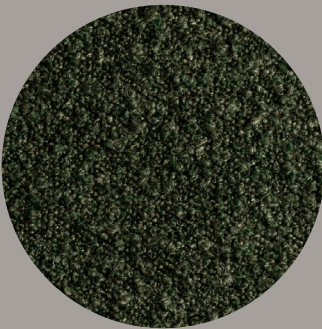

Taking inspiration from traditional Japanese poetry, Haiku is a 100% linen fabric which reflects the serenity of oriental gardens. The fabric is yarn dyed with subtle colour contrast achieved by a difference in the warp and weft of the fabric. A modern classic, available in calm, neutral shades. Ivory is used across the warp for each colourway.

# ATTENBOROUGH

Attenborough pays homage to the adventurer. It is made from a robust mixture of twisted melange wool, tightly woven onto a linen base. The irregular, gnarled texture of the fabric mimics rugged terrain and the rich, earthy colours recall landscapes of the natural world.

# BALLET

Ballet is a double-width fabric that combines silk and super fine virgin wool. It epitomises elegance. The wool is so delicate it is barely noticeable. Inspired by the Royal Ballet, this fabric embodies the beauty and grace of a Prima Ballerina. The stunning and simple drape makes this fabric ideal for lightweight curtains.

## HAWKER

Hawker is a 100% linen fabric, woven from the highest quality linen yarns. It is a sophisticated and modern take on the Bauhaus movement. Each section of the design is created from block weaving, and each pattern has been created using a different woven block. These sections have all been precisely placed to achieve a sleek, tailored finish.

MUSE

Muse is a double width sheer fabric, with a romantic artist-muse mood. The fine linen yarns work harmoniously together creating an elegant flow and drape. Colours are carefully twisted to make a beautiful mouliné effect. Specialised leno weaving techniques are then used, interlacing the delicate linen yarns into a beautiful mesh-like form.

# MONTAGE

Montage is 100% linen, and celebrates individual crafts converging to create a unique fabric. From the spinning and weaving of the fine linen yarn, to the skills of master French artisans who precisely piece together the fabric strips to create a paper-like work of art. The strips of this deconstructed linen are attached to paper, embroidered and then washed to dissolve the paper. Each length has its own irregular charm and character. Montage is available in two colourways.

# RESPONSIBLE LUXURY

de Le Cuona is not just a fabric house but a luxury brand with a vision for the future. It is serious about sustainability. Bernie de Le Cuona has always been conscious of her sources – she meets with farmers and works with specialist mills, so she knows the origins of every natural fibre used. The company has developed processes designed to cut down the textile waste and promote a circular economy.
