de Le Cuona is a great British brand that was the first to introduce stonewashed linen to interiors and has evolved into a globally renowned purveyor of luxury fabric for the home using only the best natural fibres – flax, cashmere, wool, alpaca, velvet, paisley and couture combinations. Founder and CEO Bernie de Le Cuona grew up in South Africa and the natural world has always been at the heart of what she does. The soul of the company lies in the unique tactility of its textiles coupled with a commitment to craftsmanship.

The textiles fall seamlessly into both classic and contemporary interiors. Many have been made into elegant co-stars – accessories, accents and furniture that enhance your home and are available to buy online as well as in store. Cushions and throws, bedlinen and bedspreads, Belgian linen towels and lightweight napkins. Like the fabrics, each accessory has a sense of luxury.

Cushions, Throws and Bedspreads

One of life's indulgences is comfort. de Le Cuona's finest cashmere cushions and throws are both soft and light with an inviting handle. Cashmere naturally combed from the Capra Hircus goat of Asia form part of the cashmere accessories bringing layers of warmth to interiors. Each cushion is handcrafted by master artisans and coloured in sophisticated shades of taupe and grey. There are limited-edition Cashmere Throws coloured in green or pink with caramel and finished with a tasselled fringe.

For more luxury there are silk velvet cushions in gold, green and navy with the reverse in plain linen and the sumptuous cotton velvet cushions available in multiple colours.

For heritage chic the Victoria Cushion is a modern twist on tradition with an intricate paisley in crystal, ruby and antique gold shades. The accompanying throw has a soft suede trim.

The cushions and throws often have decorative fringing hand made by de Le Cuona tailors. The slubby, yet refined Hoxton linen throw is embellished with a knotted fringe and leather detail. There are striped linen cushions with leather trims and classic linen sofa cushions with

a simple self-flange.

A staple is the reinvented Maroc Buckle cushion that has been stonewashed, dyed and finished with handmade saddle leather straps and buckle details in two natural shades. It is all these processes that make de Le Cuona accessories special and sought after for interior schemes and finishing touches.

Bedspreads in linen and wool add a further layer of luxury to give rooms depth and comfort. The wool waffle bed throw is versatile enough to use in a bedroom and soft enough to wrap a baby in. The Linen Waffle cushion is soft and simple making a lovely choice for a children's room.
