THEY JUST

Main bedroom *Panther*, an artwork by Anna Glover, sets the mood and palette for this space, which is dominated by a Studio Duggan-designed headboard upholstered in 'Perse' by Marvic Textiles. The armchair in the corner is also bespoke, this time covered in Tibor's 'Eroica' fabric. Other pieces include a bedside table from Galerie Glustin, a 'Small Flo' lamp by Samuel Wilkinson for The Conran Shop and The Rug Company's 'Coco' design. Bedding is sourced from The Secret Linen Store and topped with a 'Waffle' bedspread from De Le Cuona. See Stockists page for details [ED](#)
