

STEM TABLE LIGHT

Tom Raffield

Product Specification

Stem Table Light

A branch of steam bent timber bows its head. From its tip, a Helix lampshade drops. Honest. Bold. Considered. Our Stem Lighting Range offers understated design at its best.

Handcrafted from a strip of sustainable oak. Rooted in an oak base with exposed flex and brass detailing. Dropping splashes of light from its Helix drum to bring focus from the shadows; the Stem is the ultimate balance between form and function, perfectly suited for a side table or desk.

Use light to single out. To draw together. To create sanctuary.

The Stem Lighting Range also includes a wall light.
