## Introduction

Welcome to the Fairy Realm!  
Visit Nettles' Nook and mini Fairy Garden!

Nettles can play in the Nook or go  
for adventures with Luna!

Mini ladder connects Nettles' Nook  
to other Fairy Gardens!

# Contents

Shadow Fairy, Plantimal,  
Mini House, Platform, Removable Ladder, Planting Area,  
4 Play Accessories, Seed Bottle (Purple Radish).

Please note – you will need soil, or compost.  
(Not included in this kit)

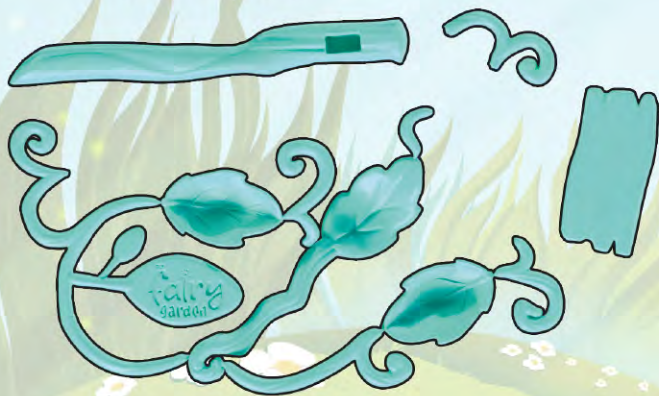

1. Carefully fill the Fairy Planter nearly to the top with sieved garden soil or multipurpose compost, available from garden centers.

The soil should be damp but not too wet.

Firm the soil down to make a smooth and stable surface.

Sprinkle the seeds evenly over the soil then water...  
but don't add too much!

2. Carefully 'twist' your accessories from the SPRU.

3. Attach the sign to the post.

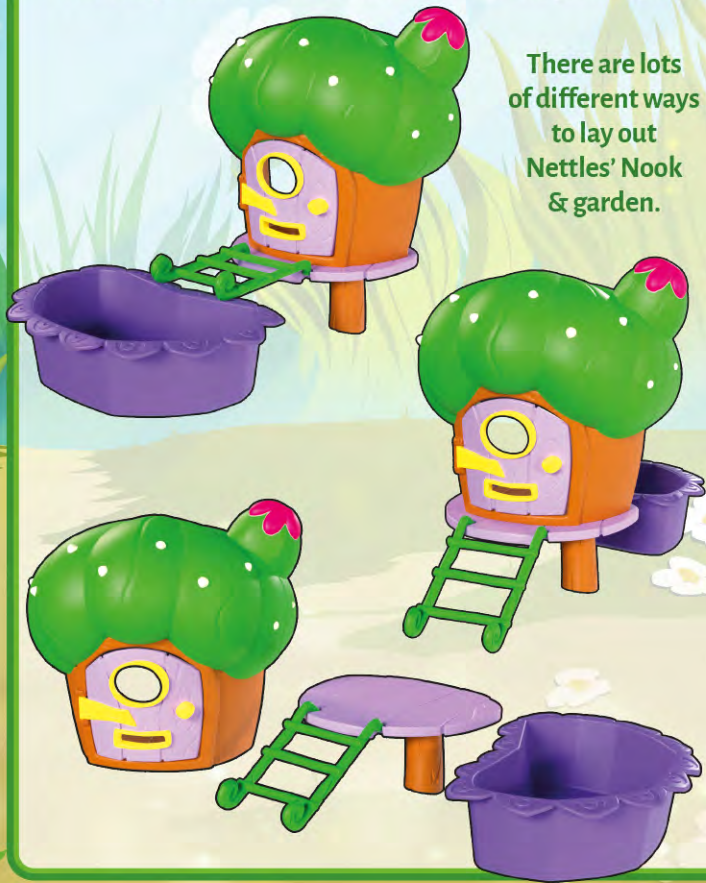

You can add the accessories to your garden.

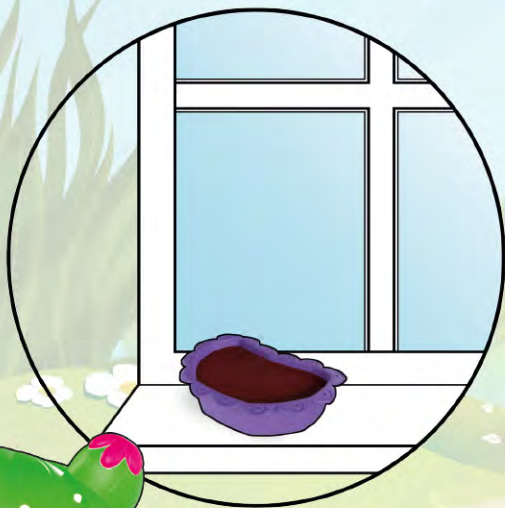

The Fairy Planter can be removed while the plants grow.

There are lots  
of different ways  
to lay out  
Nettles' Nook  
& garden.

The Fairy Planter can be removed while the plants grow.

Place the planter  
somewhere safe and light,  
like on a windowsill.

A whimsical garden scene. In the center is a fairy planter, a purple pot with a green, bubbly top and a purple door with a yellow handle and a circular window. A green ladder leans against it. To the left is a purple planter filled with red seeds, with a blue watering can and a wooden signpost nearby. To the right is a blue cat, a fairy with purple wings and a purple dress, and a purple lantern. The background is a soft-focus garden with tall green grass and white flowers under a blue sky with a sun.

**Nettles' Nook is now ready!  
It will take a little while for the plants to grow.**

**It is best to leave the Fairy Planter  
somewhere with sunlight for the first few  
days while the seeds are sprouting.**
