

# Palma Coffee Table

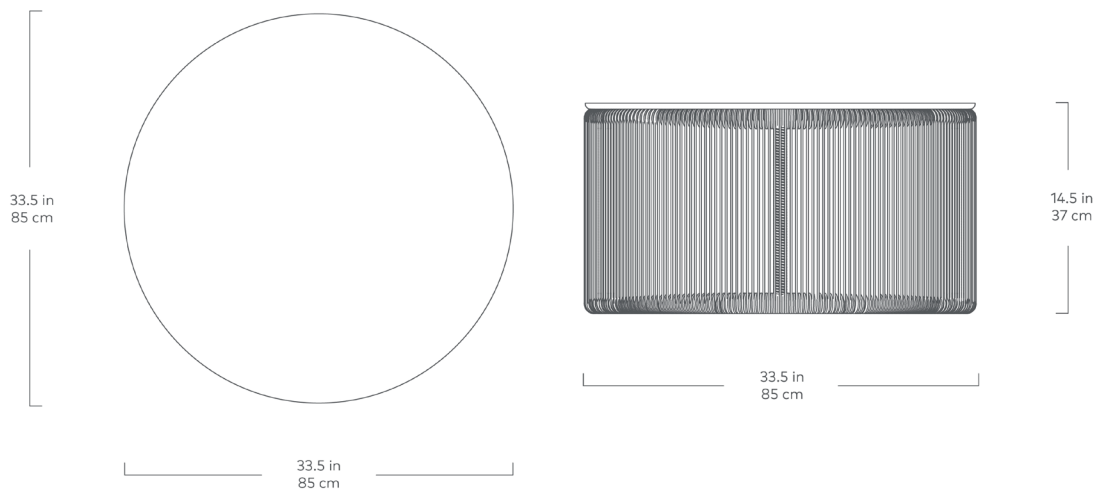

White  
Oak

An exploration of materials and craftsmanship, our Palma Tables combine a coastal-modern ethos with Scandinavian aesthetics. These contemporary accents have a perimeter wrapped expertly with Danish cord, an old-world technique that was embraced enthusiastically by Mid-century designers for its sustainability, durability and warm texture. The cord, derived from natural wood fiber, is woven continuously to create a dynamic visual rhythm that feels simultaneously solid and airy. Palma's top is crafted with solid American Oak details, finished by hand with a beautiful matte stain. Available as a coffee table and end table, which can be arranged separately or together as a sculptural set.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit [gusmodern.com](https://gusmodern.com) for more information about our Trade & Contract programs.

# Palma Coffee Table

- Sustainable Danish cord is wrapped around a durable, powder-coated metal frame.
- Tabletop is constructed with engineered wood core for strength and stability, surface-faced with thick, real wood veneer.
- Solid wood details on the underside of the tabletop allow for a rounded edge profile.
- Tables are finished with Rubio® Monocoat - a durable, matte, oil-based protector designed to highlight the beauty of natural wood.
- Wood finish is certified 0% VOC and is an all-natural, environmentally friendly product.
- Surface can be revitalized as desired. Visit Rubio® Monocoat website for more information.
- Non-marking leveler feet can be adjusted for stability on uneven floor surfaces.
- It is normal for solid wood to expand and shrink as a result of variations in environmental humidity. A consistent humidity level of approximately 50% is recommended to prevent cracks and surface splits.
- Wood is a natural material, with variations in grain pattern and colour that make each design unique.
