

SKIPPER WIRELESS WALL LIGHT

Tom Raffield

Product Specification

Undulating loops of timber navigate over and around. Where pared back design meets our signature curves, the Skipper Lighting Range leads the charge.

Stylish, sustainable, and rechargeable. An iconic wall lamp that celebrates natural materials and handcrafted skill, the wireless wall light is created from twelve individual, sustainably sourced ash, oak, or walnut wood petals and designed to project golden light. Cleverly nestled into an oak bracket, the renter-friendly, cordless wall light is perfect for soothing bedrooms, hallways and living space, without the need for hard-wiring. Enhancing personality within your space, the Skipper design can also be removed from the oak bracket to become a playful, dimmable, table light, suiting a wide range of interiors.

Achieve impact with a lighter touch. Embrace simplicity. Make a statement in your space.
