

FRITZ HANSEN

PK15™
PRODUCT FACT SHEET

PK15™

Experience the refined beauty of the PK15™ chair designed by Poul Kjærholm in 1979. Crafted with meticulous attention to detail, the PK15 features clean lines, organic shapes, and precise proportions, adding an air of sophistication and elegance to any interior. As Kjærholm's final design, his lifelong pursuit of perfection and dedication to details is evident in the simple and calm appearance masking remarkably complex woodwork craftsmanship.

DESIGNER / YEAR OF DESIGN

Poul Kjærholm, 1979

ABOUT THE DESIGNER

Poul Kjærholm was a trained cabinet maker and continued his studies at the Danish School of Arts and Crafts in Copenhagen. He had a particular interest in different construction materials, especially steel, which he considered a natural material with the same artistic fineness as other natural materials. Poul Kjærholm was first employed at Fritz Hansen for about a year, where he designed a number of noteworthy chair prototypes. In 1955, Poul Kjærholm initiated his collaboration with manufacturer Ejvind Kold Christensen, which lasted until Kjærholm's death in 1980. In 1982, Fritz Hansen took over the manufacture and sales of "The Kjærholm Collection", which was developed over the period 1951 to 1967.

MODELS

PK15: Armchair

PK15CU: Seat cushion

MATERIAL

The chair is made of steam-bent ash wood. The seat is made of French cane. It is constructed of just four elements; the front legs which become armrests and backrest, and the back legs which become backrest, a seat and a brace for securing the structure.

Materials in %:

Wood: 99%
