# INDUSTRIAL VALVE SOLUTIONS FROM THE LEADER IN FLOW CONTROL

NIBCO manufactures high-quality industrial valves, actuation and controls that meet your expectations for performance, reliability and on-time delivery. With domestic manufacturing and distribution centers, we produce a full range of standard and custom-order valves for industrial, commercial and fire protection applications. Plus, you can count on real-time service and personal attention from our team of technical and customer service representatives and factory-direct sales group.

Flow control products from NIBCO meet your specifications every time.

- Large, Domestic-Based Valve Inventory
- ISO-Certified U.S. Valve Manufacturing Facilities
- Short Lead Times
- Reliable Delivery
- Knowledgeable, Experienced Technical Service and Support
- 5-year 125% Valve Warranty

BLYTHEVILLE, ARKANSAS - FOUNDRY

BLYTHEVILLE, ARKANSAS - DISTRIBUTION CENTER

NACOGDOCHES, TEXAS - MACHINE,  
ASSEMBLE & TEST - PLANT

The right valve for your application:

- Ductile and Cast Iron-Body Valves
- Corrosion Resistant Plastic Valves
- Electric and Pneumatic Actuation Systems
- Fire Sprinkler System Products

## NIBCO® CARBON AND STAINLESS STEEL BALL VALVES

- Flanged, Threaded, Socket and Butt Weld End Valves
- Pressure Ratings to 2000 psi
- Flanged Valves ANSI Class 150 and 300
- Flanged Valves are API607 Fire Safe
- Exposed Bolt and Enclosed Bolt 3-Piece Design
- Pneumatic and Electric Actuation Available
- Sizes Range from 1/4" through 12"

## NIBCO® BUTTERFLY VALVES (Resilient Seat and High Performance)

- Multiple Seat Materials, EPDM, BUNA, FKM
- MSS SP-67, UL, FM, ABS, Coast Guard and NSF Lead Free\*
- Rubber Lined Valves to 285 psi (Class 150)
- 316 Stainless Steel Disc and Stem
- Class 150 and 300 High Performance
- RPTFE Seats Standard in HPBFV
- Bi-Directional Dead End Service

\*Weighted average lead content  $\leq 0.25\%$

## NIBCO® BRONZE BALL VALVES

- Solder or Threaded End
- Pressure Ratings to 600 psi
- 250 psi Steam Service Available
- 316 Stainless Steel Trim
- 316 Stainless Externals Available
- MSS SP-110

## NIBCO® BRONZE PRESSURE RATED VALVES

- Manufactured in Nacogdoches, TX
- Solder or Threaded End
- Class 125, 150, 200 and 300
- Gate, Globe and Check Valves
- Steel Seat and Disc for High Pressure Steam
- Size Range 1/4" through 3"
- Conforms to MSS SP-80

## NIBCO® IRON PRESSURE RATED VALVES

- Manufactured in Blytheville, AR
- Class 125, 150 and 250
- Gate, Globe and Check Valves
- Size Range from 2" through 24"
- Bronze and Steel Trim Options
- Cast Gray Iron, Ductile Iron and 3% Nickel Iron
- F869B Class 250, Automatic Stop Check

## NIBCO® FIRE PROTECTION VALVES

- Bronze, Iron and Resilient Wedge Valves
- Gate, Check, Butterfly and Ball Valves
- Threaded, Flanged, Grooved and Mechanical Joint
- UL and FM Listed and Approved
- Upright and Ground Indicator Posts

## NIBCO® ACTUATION

- Rack and Pinion Style Pneumatic Actuators
- Double Acting or Spring Return
- Torque Range from 166 to 38,000 inch/lbs.
- Electric Actuators (NEMA4, 4X, 7), Series 300, 500 and 800
- Switch Boxes, Positioners, 4-20ma Control

## CHEMTROL® VALVES

- Made in Charlestown, IN
- Corrosion Resistant PVC, CPVC, Kynar® and Polypropylene
- Butterfly, True Union Ball and Check Valves
- Excellent Chemical Resistance with PTFE and FKM Seats
- ½" to 2" True Union Ball Valves Rated 250 psi at 73°F
- Pneumatic and Electric Actuation Available

# THE POWER OF PERFORMANCE

NIBCO is a recognized leader of valves, fittings and flow control products for commercial, industrial and institutional construction, as well as residential and irrigation markets. Founded in northern Indiana, NIBCO has a manufacturing history that spans more than 110 years and has operated under four generations of family leadership and employee ownership.

Manufacturing facilities located throughout the United States, Mexico and Poland serve a global marketplace. NIBCO products are manufactured under a Quality Management System conforming to the current revision of ISO-9001 International Standards.

NIBCO serves commercial, industrial and institutional construction as well as residential and irrigation markets including these end use applications: Chemical, fire protection, food and beverage, HVAC, iron and steel, mining, oil & gas and pharmaceutical, plumbing, power, pulp and paper, textiles, water and wastewater, and original equipment piping.

# VALVES

Pressure-rated bronze, iron and alloy-iron gate, globe and check valves ■ Pressure-rated bronze ball valves ■ Boiler specialty valves ■ Commercial and industrial butterfly valves ■ Circuit balancing valves ■ Carbon and stainless steel ball valves ■ ANSI flanged steel ball valves ■ Pneumatic and electric actuators and controls ■ Grooved ball and butterfly valves ■ High performance butterfly valves ■ UL/FM fire protection valves ■ MSS specification valves ■ Bronze specialty valves ■ Low pressure gate, globe, check and ball valves ■ Frostproof sillcocks ■ Quarter-turn supply stops ■ Quarter-turn low pressure valves ■ PVC ball valves ■ CPVC CTS ball valves ■ Bronze and iron y-strainers ■ Lead-free\* valves ■ Coil-Connect™ kits ■ PEX valves ■ 5-year, 125% valve warranty

\*Weighted average lead content ≤0.25%

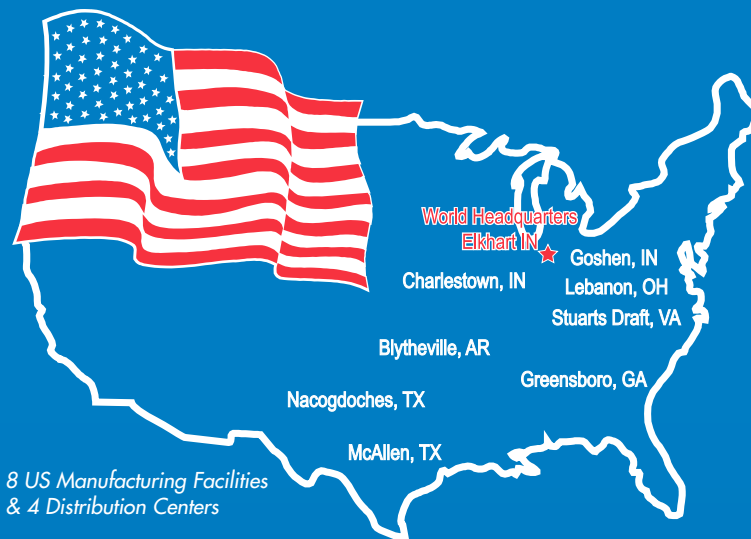

# INDUSTRIAL PLASTICS

Thermoplastic pipe, valves and fittings in PVC, Corzan® CPVC, polypropylene and PVDF Kynar® ■ Pneumatic and electric actuation systems ■ BlazeMaster® CPVC fire protection fittings

BlazeMaster® and Corzan® are registered trademarks of The Lubrizol Corporation. ■ Kynar® is a registered trademark of Arkema Inc.

# CAPABILITIES

Domestic manufacturer ■ Global supply chain ■ Large inventory ■ Short lead times ■ Reliable delivery ■ Technical service department ■ Tracing documentation available (certificate of compliance, country of origin, pressure test certs, pmi, mtr) ■ SS hang tags ■ Actuation and controls
