

NIBCO®

MAKING YOUR LIFE GREENER

NIBCO offers a wide variety of irrigation products to serve a full range of applications. From residential landscapes, large agricultural and commercial tracts, to golf courses, mining operations, and other industrial sites, NIBCO provides irrigation valves, fittings, and other innovative products to meet and exceed your requirements.

Setting the standard for the irrigation industry are NIBCO valves – resilient wedge iron push-on, mechanical joint and flanged gate valves, bronze dezincification-resistant T-113 gate valves, butterfly valves, PVC and bronze ball valves. To learn more about NIBCO irrigation products, visit www.nibco.com/irrigation.

IRRIGATION VALVES

NIBCO irrigation valves are designed to meet the golf course and irrigation industry's demand for strong, sturdy, and maintenance-free products.

IRRIGATION SOLUTIONS FOR YOUR GOLF COURSE NEEDS

Missing a critical deadline can cost you time and money. NIBCO knows how to deliver products and answers to keep your project on schedule. You can count on an experienced in-house customer and technical service team ready to take your call and they will help you find the right product for your application.

With more than 110 years of industry experience and eight U.S. manufacturing plants, NIBCO not only delivers quality products but exceptional service.
