<b>Model</b>	6830 - Stool
<b>About</b>	<p>The sculptural Pioneer stools combine good seating comfort, functionality and a sculptural design language that elegantly combines the seat's soft and round design with the wooden frame's sensuality.</p> <p>The four vertical legs of the wooden frame are united in a cross composition with elegant indentations, where the light, upholstered seat cushion, is placed on top. In contrast, the detailed indentation on the underside completes the overall artistic impression. The stool's simple, unique and distinctive combination of shapes and materials is a modern take on Scandinavian design that combines functionality with Bruun's recognisable sculptural minimalism.</p>
