

## ChargeRise II by SOUNDFREAQ®

### Full Featured Alarm Clock With Drop and Charge Wireless Convenience

ChargeRise II is a full featured alarm clock combined with convenient wireless charging and USB charging.

Guests simply drop and charge their mobile phone, the induction charger transmits steady power to charge their mobile phone wirelessly.

ChargeRise II features a compact design to maximise the available space on the nightstand.

### Features

- Qi certified Wireless Charging (15W Max) for your Qi compatible mobile devices.
- USB power port (10W Max) to charge mobile phones and tablets.
- Full alarm clock features with convenient "tap anywhere to snooze" function.
- Single day alarm bypasses all previous alarm settings to avoid unwanted disturbance.

- Minimalist design makes it easy for guests to use, reducing calls to reception.
- Display backlight dimmer control and 12 / 24 display modes.
- Digital thermometer showing indoor temperature.
- Fire-retardant plastic casing for safety.
- Backup battery for clock.
- Security lanyard for hotel use.
- Dimensions: width: 5.5"/140 mm, height: 2.75"/70 mm, depth: 4.9"/125 mm.

The charging pad can provide up to 15W maximum power. Not all phones are capable of fast wireless charging with full power.
