WHO'S MOST LIKELY TO...®

[KINDA CLEAN EDITION]

HOW DO I PLAY?

I DON'T WANT TO READ. WHY CAN'T CARTOON DOGS TELL ME HOW TO PLAY?

Pick a card, read it aloud, and decide who in the group should be tagged with the card and why.

Whoever ends up with the most cards loses.

Woof.

CLASSIC RULES
Best for players who hate their friends.

One player reads a card aloud. They are now the judge.

Everyone says who in the group deserves the card and why. You do not want to be tagged with the card.

The judge decides who gets the card. This player keeps the card and loses a point (-1).

Each round has a new judge, whoever is sitting to the left of the previous judge.

When a player reaches negative 7 points (7 cards) the game ends and that player is declared the loser. There are no winners.

Each player in the group now reads aloud all of the cards they have been tagged with.

THE NICE RULES
Best for players who don't know each other that well.

Same gameplay as Classic Rules except you *want* to get the cards. Everyone has to convince the judge why they deserve the card. First person to 7 cards wins.
