‘My Fruit Trees’ Red Wine Blend N^o 2022

About My Fruit Trees: My Fruit Trees is a unique and varied collaborative wine that draws inspiration from Carmen's incredible home garden-farm, which is a sight to behold with chirpy chickens, towering kale trees, succulent artichokes, and a treasure trove of fruit trees, including plums, mulberries, apples, and more. This is where My Fruit Trees wine was born.

The wine is a one-of-a-kind blend of red, white, and orange wine in one bottle, offering a rainbow of flavors. It is made up of six grape varieties, including 19% Gamay, 19% Pinot Noir, 19% Syrah, 19% Gewürztraminer, 19% Pinot Gris, and 5% Orange Muscat, with each grape variety fermented separately to achieve maximum flavor. Each grape contributes its own unique flavor profile to the blend. The Gamay grape brings bright red fruit flavors like raspberry and cherry with a hint of black pepper and spice. Pinot Noir offers elegant and nuanced flavors of red and dark berries with a subtle earthiness and notes of spice. The Syrah grape adds a bold and rich character with flavors of blackberry, blueberry, and plum, finishing with a spicy and peppery note. Gewürztraminer is intensely aromatic and contributes floral and spicy notes with flavors of lychee, apricot, and tropical fruit. Pinot Gris is bright and crisp with flavors of green apple, pear, and citrus, and a hint of minerality. Lastly, Orange Muscat adds an aromatic and floral touch with flavors of orange blossom, peach, and honey.

Carmen's garden in Los Angeles draws inspiration from the Central Coast, which is teeming with all sorts of life and plants. Combining six different grapes in a single bottle is the perfect way to celebrate this abundant life force. My Fruit Trees wine is bursting with flavor and energy from all the different grapes living and working together, offering a magical sip of the Central Coast in a glass. So, open a bottle of My Fruit Trees and let its enchanting flavors inspire your gardening aspirations.

Tasting Notes: My Fruit Trees displays a vibrant ruby-red hue that shimmers with orange highlights at the rim. The nose is a delightful combination of fruity and floral aromas, revealing a bouquet of red and dark berries, tropical fruit, orange blossom, and rose water. The palate is light and juicy, with a refreshing acidity that tantalizes the taste buds. The dominant flavors are a medley of fruits, including raspberry, dark berries, peaches, nectarines, lychee, persimmon, stone fruit, lemon, lime, yuzu, plum, sour cherry, kumquat, honey, and orange. Its complex flavor profile is simply irresistible. Open a bottle of My Fruit Trees, and let its enchanting flavors inspire your gardening aspirations.

ABV : 13.1%

AVA : Central Coast

Total Production : 112 cases

Natural wine is a type of wine that is produced using simple or traditional methods as part of a movement among winemakers. While there is no standard definition of natural wine, it is generally made without the use of pesticides, herbicides, and with few or no additives. Typically, natural wine is produced on a small scale using traditional methods instead of industrial ones, and is fermented using only native yeast. It is also unfinned and unfiltered, and often uses minimal effective SO₂, allowing the wine to express the terroir and the grape variety with minimal intervention.
