

TOWER 15

Gamay No 2022

About Our Gamay : Our Gamay is a remarkable blend of two organically farmed vineyards on the rugged Central Coast - Pali Vineyard and Nolan Vineyard. Pali Vineyard, our estate, yielded its first crop in this vintage, while Nolan Vineyard is renowned for producing high-quality Gamay.

While traditionally associated with the Beaujolais region of France, Gamay has become increasingly popular in the wine industry. At Pali, we've been working with this varietal for years, using carbonic maceration to create a light, crunchy component in some of our popular Neighborhood Wines, such as Blood Moon.

For our Tower 15 bottling, we aimed to showcase the full potential of this grape, creating a more refined and serious expression of Gamay that reflects the Tower 15 ethos. Our Gamay is a bold and nuanced wine that perfectly captures the unique terroir of the Central Coast, with its wild hills and cool ocean breezes.

The terroir of the Central Coast imparts bold and powerful flavors to our Gamay, embodying the spirit of this exceptional wine. With unparalleled complexity and depth, our Gamay is a testament to the unique qualities of this varietal and the power of our natural environment to produce exceptional wines.

Tasting Notes : Our Gamay has a deep ruby color with a hint of purple. On the nose, it offers intense aromas of dark cherries, blackcurrants, and ripe strawberries, complemented by subtle hints of spices, such as black pepper and clove. The palate is medium-bodied and structured, with firm tannins that give way to a burst of ripe fruit flavors, such as black cherry, raspberry, and plum.

ABV : 12.5%

AVA : Santa Barbara County

Total Production : 112 cases
