MOORING TABLE LIGHT
Product Specification

Mooring Table Light

500mm

200mm   200mm

An exposed flex traces a proud line, base to tip. From its signature curve to its filament bulb, the Mooring Lighting Range captures the barefaced beauty of tidal landscapes.

Handcrafted in sustainably sourced solid oak, the Mooring's steam bent curve arches from its oak base, while its prominent flex tethers it home. A naked bulb haloes out light, bright and striking in the dark, perfectly positioned for illuminating a side table or desk.

Juxtaposing traditional techniques with an industrial aesthetic, here function becomes feature; substance and style.

Show your design colours.

The Mooring range is available with either red or grey flex, and as a floor light.
