Parada Plus Electric Radiator

SLEEK, MINIMAL, MODERN

Parada Plus, the refined evolution of our sleek electric radiator. With its flat steel front, the Parada Plus retains its minimalist appeal while incorporating an enhanced backlit screen, cutting-edge Zigbee 3.0 smart home capabilities, and seamless integration with Unisenza+ app, Google Home, and Amazon Alexa via the Unisenza+ Smart Gateway.

Experience the perfect balance of radiant and convection heat, designed for freezing Scandinavian winters, in a contemporary and elegant package.

Material	■ Made from cold rolled, fully recyclable steel of the highest quality. ■ Filled with non-toxic, biodegradable vegetable oil
Colour	■ Hard-wearing white epoxy paint (RAL 9016).
Child Safety	■ Control panel with child lock function ■ Max radiator surface temperature can be lowered to 75°C or 60°C (will result in reduction of maximum heat output).
Included in Package	■ Monclac wall brackets and screws for fixed installation
Panel Options	■ Single (11), Double (21)
Splash Rating	■ IP44 when installed with wallbox splash cover (required for compliance)
Warranty	■ 10 years warranty on radiator body ■ 2 years warranty on electronics

Plus Series Thermostat Features

- Advanced digital thermostat with precision temperature control.
- Central control by smartphone, Google Home or Amazon Alexa when combined with Unisenza+ Smart Gateway and Purmo Unisenza App
- Weekly program can be individually adjusted in each radiator.
- Adaptive start with timer function.
- Open window function.

Optional Accessories

Unisenza+ Zigbee 3.0 Smart Home Gateway

Connect the gateway to your Wi-Fi router and enjoy full central control of your radiators via the new Unisenza+ smartphone app, Google Home or Amazon Alexa. You can configure zones, set schedules and monitor your energy usage with the app.

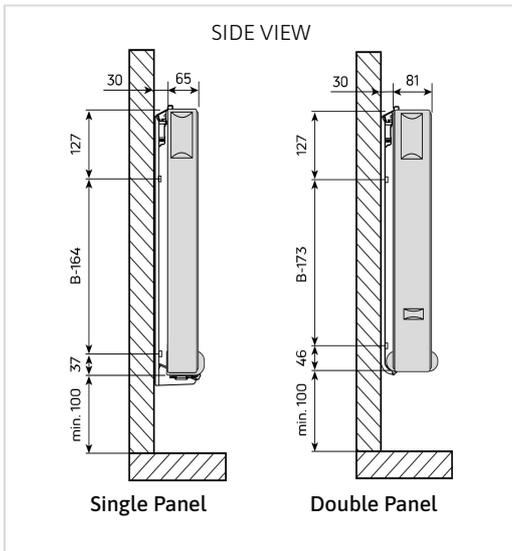

Ensto Connection Box Hardwiring Kit

The Ensto Connection Kit simplifies the process of professionally hardwiring radiators. An electrician mounts the Ensto Box behind the radiator and wires it through the wall. It also features a splash guard that preserves the radiator's IP44 rating.

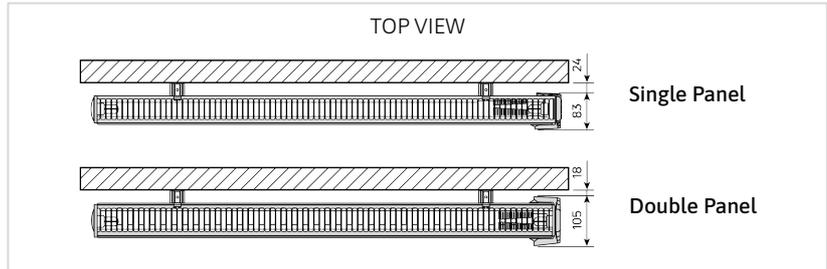

90° Degree Adaptor

The 90° Adaptor allows the display to be rotated by 90 degrees on Yali & Parada radiators. This makes it possible to turn the display so that it faces forward, a handy accessory for installations near walls.

Single Panel   Double Panel

Double & Single Panels

Parada Plus radiators are available in **double** and **single** panel configurations.

- **Single panel radiators** have a slim design (95mm depth from wall), due to having single oil-filled panel, and a convection plate at the back.
- **Double panel radiators** have a second oil-filled panel instead of a convection plate, allowing you to fit more heating capacity in less wall space. They're 16mm thicker than single panel radiators (111mm depth from wall)
