

## HOW TO ASSEMBLE

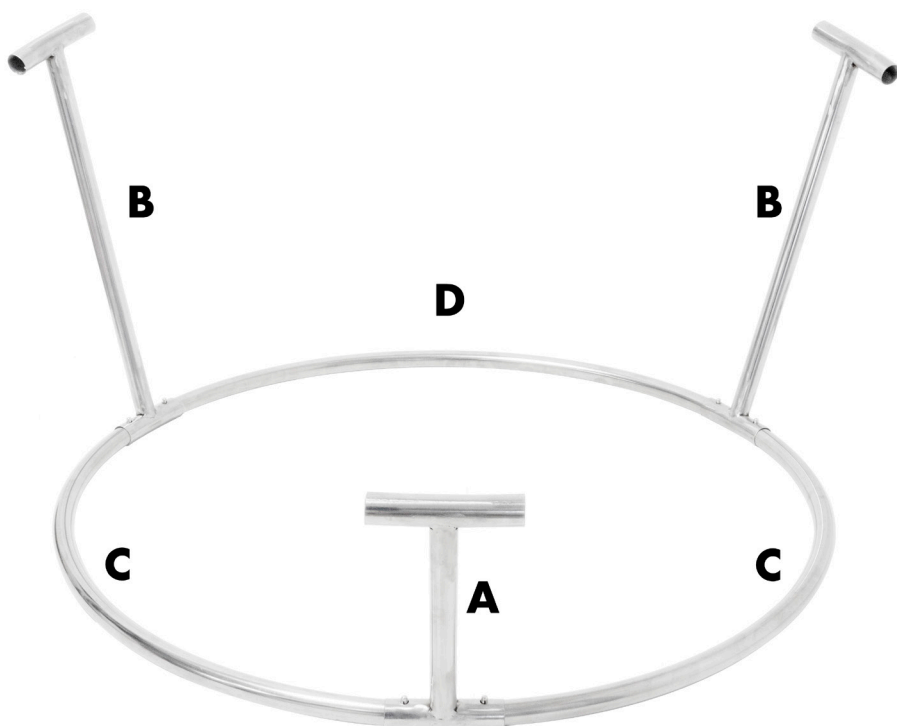

# THE BABY-POSING BEANBAG FRAME

## PARTS

- A: Front Pole
- B: Side poles
- C: Base Frame Poles (Sides)
- D: Base Frame Pole (Rear)
- E: Top Frame Poles (Sides)
- F: Top Frame Pole (Rear)
- G: Fabric Cover
- H: Bean Bag Casings
- I: Clamps

## Step 1

Connect parts **A**, **B**, **C** and **D** together to get this configuration. Poles **C** and **D** look similar in size, however Pole **D** is slightly different in length (place pole **C** and **D** on top of each other to help determine which pole is a different length).

The Pole that is a different length, goes at the back, and the other two (the ones that are the same length) go on the sides

With the Front and side poles, please ensure that the wider end is positioned towards the top. With Side Poles **B**, please ensure that the highest part of the slope is pointing towards the back of the frame.

## HOW TO ASSEMBLE

# THE BABY-POSING BEANBAG FRAME

### Step 2

No complete the frame by connecting the remaining poles Poles **E** and **F** look similar in size, however Pole **F** is lightly differnt in length (place pole **E** and **F** on Top of each other to help detemine shich pole is a differnt length).

The Pole that is a different length, goes at the back, and the other two (the ones that are the same lenth) go on the sides

### Complete The Set Up

Now all that is left is to fill the bean bags with beans and place it in the frame. Then use the clamps to clamp the fabric to the fame. You can either use the fabric that comes packaged, or use a difrerent one. You areonly limited by your creativity.
