## TRANSPARENT HEALTHY PRODUCTS

For complete transparency, our solid timber furniture has Red List Free and Declare labelling – an internationally recognised ingredients list for products that shows where it comes from, what is made of and where it goes at the end of its life. Red List Free means that it contains no harmful toxic chemicals and meets the standards for WELL certified buildings.

## ENVIRONMENTAL CREDENTIALS

We have invested in Life Cycle Assessments and independently verified Environmental Product Declarations (EPD's) to demonstrate the impact of our furniture. The pieces in our OVO collection have either low or negative carbon footprints. A negative carbon footprint means that it stores more carbon than it emits during manufacture, distribution and use.
