A resourceful and multipurpose design

Hide Storage Pouf is a versatile, multifunctional piece of furniture that is a bit more resourceful. At the heart of the Hide Storage Pouf is its material composition. Crafted from PET felt, this remarkable fabric is made from post-consumer plastic bottles that undergo a transformative process where they are extruded into fine polyester fibers, which are then carefully pressed to create a durable and aesthetically pleasing felt material.

Maintenance

The PET Felt surface may be cleansed with water. To remove stains, gently dab the area with a dry cloth while the material is still damp. Avoid rubbing the surface as it may harm the material or produce excessive pilling. Allow the surface to air-dry naturally.

It is advisable to utilize professional cleaning products for cleansing the PET Felt surface. However, we recommend testing these cleaning agents on an inconspicuous area first.

Regular vacuuming of the PET Felt surface is recommended to eliminate dust particles.

To prevent damage to the material, it is advisable to keep the pouf away from heat sources such as heaters, fireplaces, and hair dryers.

This is not a toy. Please don't let children hide inside.
