OFFSET SOFA BED
Designed by *Norm Architects*

*Norm Architects' Offset design
is reimagined as a sofa bed.*

Designed by Norm Architects, the Offset Sofa Collection draws inspiration from a set of paradoxes, balancing support with softness to create a clean, understated silhouette that is both architectural and inviting. Audo Copenhagen now expands the series with the Offset Sofa Bed.

Offering versatility in modern living spaces, the design transitions from a stylish sofa to a comfortable bed, making it the perfect solution for accommodating guests or maximising space in multi-purpose rooms. The clean-lined, boxy shape is gently softened for a welcoming expression and maximised for comfort. It features the same narrow armrests as the rest of the collection, juxtaposed with a thick, generous seat in a harmonious interplay of proportions.

Available in two- and three-seater versions, the Offset Sofa Bed integrates into a variety of spaces, from compact urban apartments to spacious suburban homes. The design comes fully upholstered in textile to individual preferences.

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialises in residential architecture, commercial interiors, industrial design, photography and art direction. The name reflects the studio's emphasis on drawing inspiration from norms and traditions in architecture and design—particularly the Scandinavian design ideology of timeless aesthetics and natural materials and Modernist ideas of restraint and refinement. Guided by these principles, Norm Architects creates designs that unite materials and craftsmanship while embodying beauty, history and, most importantly, timeless simplicity—with nothing more to add or subtract. A longstanding collaborator with Audo, Norm Architects helps to drive the evolution of the brand and its products with the same fundamental ethos that guides its own creative direction: a simplicity that carries bigger ideas.

PRODUCT TYPE
Sofa Bed
