PALLARÈS × AUDO PLANT PRUNER
Designed by *Pallarès Exclusively for Audo*

Made exclusively for Audo by Spanish toolmakers Pallarès, a century-old manufacturer of knives and tools of the highest quality. Intended for everyday gardening use such as pruning larger branches and stems, the pruner has an ergonomic grip and leather safety fastener.

A handmade leather holder fitted with a belt loop ensures the safe storage of the tool when not in use. The natural leather will develop a rich patina with age and use.

Carbon steel is incredibly strong and long-lasting and requires minimal care to maximise its lifespan. Clean and hand dry after use. To prevent corrosion, always ensure tools are kept dry when not in use. Do not leave outside overnight or out in the rain. Rust deposits can be removed with oil.
