Coil

An Aesthetic Focal Point

normann

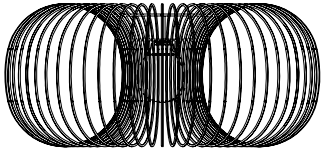
COPENHAGEN

A Sense of Infinity

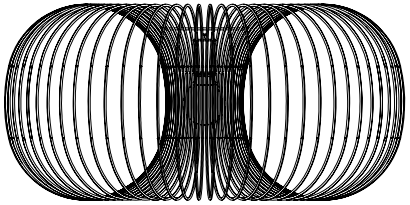
The new lamp collection Coil is designed with the wish to create as much volume as possible with as little material as possible. Coil is characterized by its rounded rectangle shape created by curved stainless-steel wires. The air between the wires makes the design appear light and airy despite its immense volume, making air as equally important for the design, as the material itself.

The pendant is very simple in its design but will become an aesthetic focal point in any setting. This striking lamp appears as a fountain of metal looping its existence, creating a continuous and dynamic design. A sense of infinity.

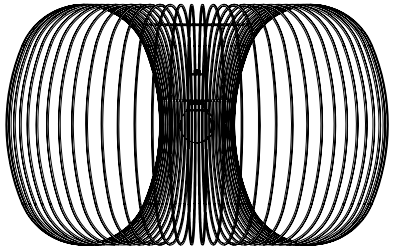
Collection Overview



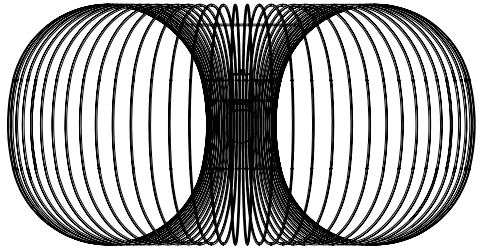
Coil Lamp
Ø50 x H: 22,5 cm



Coil Lamp
Ø76 x H: 37 cm



Coil Lamp
Ø90 x H: 56,5



Coil Lamp
Ø110 x H: 56,5

Product Facts EU

Description
Coil is a pendant lamp collection characterized by its rounded rectangle shape created by curved stainless-steel wires. The pendant is very simple in its design but will become an aesthetic focal point in any setting. The collection is available in four different sizes, making it adaptable to both smaller residences and big, spacious environments.

Designer / Year Of Design
Simon Legald / 2022

Material
Stainless steel.

Construction
Coil is a voluminous lamp, which has a rounded rectangle shape created by curved stainless-steel wires.
Coil is delivered assembled and comes with a 4m white cord and a white canopy.

Maintenance
Clean with a damp cloth.

Classification
Class II

Ip rating
IP20

Voltage
220 ~ 240V

Frequency
50/60Hz

Coil

Socket
E27

Canopy
White PP Canopy

Max load
8W LED

Cord
4m white textile cord

Light source recommended
Coil Lamp Ø50 and Ø76:
Art. No.: 504053 G95 LED E27 EU
Power: 8W
CCT: 2700K
Output: 700 lm
Life Span: 15 000 h
CRI: -80

Coil Lamp Ø90 and Ø110:
Art. No.: 607800 G125 LED E27 EU
Power: 7,5W
CCT: 2700K
Output: 900 lm
Life Span: 15 000 h
CRI: ≥80
