NIBCO pressystem®

Pressed for time?
Let NIBCO help.

Faster Installation.

Press valves and fittings install easily
for a perfect fit every time,
and up to 95% faster than solder.

Better Installation.

Flame-free installations are
safer – great for occupied spaces.

WET DRY

Easier Installation.

Perfect for wet installations when
pressed for time.

Do I need to use NIBCO tools on all press fittings?

Not for all fittings. NIBCO Press Fittings (1/2" through 2") are supported by a wide range of brands including RIDGID® and Milwaukee®. These fitting sizes make up the vast majority of installed units. The 2½" through 4" fittings do require the use of the NIBCO-branded tool, adapter, and chains. See the *Approved Tool and Jaw Compatibility Matrix* for details.

Why do NIBCO products, sized 2½" through 4", require the NIBCO tool?

NIBCO Press Fittings (2½" through 4") have a unique design with fewer mechanical parts, is more lightweight, and delivers straight pipe lines. As a result, the tool requirements are unique.

Who manufactures the NIBCO Press tool products?

The NIBCO Press tool assortment is provided by Klauke, a premium European press tool manufacturer. Klauke is a subsidiary of Emerson Electric Co., a U.S. based Fortune 500 company.

NIBCO® Press System
Approved Tool and Jaw Compatibility Matrix

Pressing tool, jaw and chain sets are an integral part of ensuring a reliable, permanent connection between NIBCO Press System fittings, valves and copper piping. **Only use pressing tools, jaws and chain sets that have been tested and approved for use with NIBCO Press System fittings and valves.**

This table details compatibility of **approved** pressing tools, chains and jaws with the NIBCO Press System fittings and valves:

CAUTION:
NIBCO press fittings and valves (2½", 3", 4" ends) to be installed **ONLY** with NIBCO pressing tools & chains.

For the latest listing of approved pressing tool, jaw and chain combinations, visit nibco.com.
NIBCO recommends minor tool service performed once per year and major service every three years.
