## EnVision® cut level A1 glove with micro foam palm coating

The EnVision glove range has been designed to provide end users with a credible, viable eco-friendly alternative to their current hand protection that doesn't mean compromising on protection, comfort or significantly higher prices.

Specifying EnVision hand protection helps to solve a major, emerging issue for businesses – how to reduce the impact of your supply chain without compromising protection for your workforce. Using EnVision gloves allows you to reduce your carbon footprint and take energy-intensive products out of your supply chain.
