HAY

WOOD BOX COFFEE TABLE

HIGHLIGHTS

- Compact wooden coffee table blending design, art, and architecture
- Unique furniture object crafted from solid oak, with thoughtful proportions and meticulous attention to detail
- Not just a coffee table, Wood Box can also be used as a versatile side table or sculptural work of art
- Naturally blends into the space it is placed, adapting effortlessly to different settings
- Suitable for a wide variety of private and public environments

WOOD BOX COFFEE TABLE

DESIGN BY JONATHAN MUECKE

Embodying the designer Jonathan Muecke's meticulous approach to design, Wood Box Coffee Table is a compact table that blends artistic sensibility with precision. Crafted in solid oak with careful attention to proportion and details, the design's puzzle-like construction and seamless joints spark curiosity about its distinct appearance. Available with different finishes, the table naturally blends into most settings – as a small coffee table or bedside cabinet, or simply displayed as a sculptural piece of art.

American designer and architect Johnathan Muecke navigates the space between art, design, and architecture. Using innovative production techniques, he creates refined forms that showcase his meticulous attention to detail and proportion. For HAY, he has designed the Wood Box Coffee Table.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC™-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
