

Specification Sheet

Everyday Chair

Everyday Chair is a simple wooden chair, built for the everyday.

Solid and stackable, it fits naturally into any space, from the kitchen table to larger communal settings. It ships flat-packed and assembles with ease, with fittings discretely tucked beneath the seat to maintain a clean, uninterrupted silhouette.

Made from solid wood and shaped plywood, it balances function and form with a quiet clarity. Made in the EU from FSC-certified and EU Ecolabel-compliant materials.
