Dimensions:

W: 38 cm / 15", H: 97,5 cm / 38.4", D: 44,5 cm / 17.5", Seat H: 65,5 cm / 25.8"

Product description:

Sonder is a chair that offers high comfort with its long, curved backrest and soft, flat, U-shaped seat. The Sonder chair is characterised by a touch of Brutalism, with its sturdy legs and crossbars. This is combined with a fresh and exciting use of finely curved veneer on the seat and back.

The word 'Sonder' captures the essence of recognising and appreciating the unique experiences of others. We chose the name because it reflects the chair's purpose as a thoughtful design that accommodates individual comfort and identity.

The Sonder collection is a comfortable and sturdy range of furniture, designed to meet the demands of both domestic and commercial environments. With elegant modern joints and a strong construction built to last, each piece is crafted to withstand everyday knocks and blows. Over time, the natural patination of the wood will reveal even more of the collection's subtle details. A beautiful and durable addition to your kitchen, office or dining area. See Sonder Bar Chair 75 for commercial environments.

Designer's thoughts:

"The curvature of the back is inversed in comparison to a traditional chair. This activates the large surface of the backrest. The joints are specially designed to enhance the chair's distinct and graphic expression." - Jonas Herman, Herman Studio

Finish:

Natural oil
treated

Made-to-order:

Non-standard configurations (special colours etc.) are available upon request at a minimum order quantity

Product type: Bar stool
