

## Leather Arc Flash Ground Glove

Designed for professionals who face the toughest environments, the 20-7251 Arc Flash Ground Glove delivers superior protection against arc flash hazards and heat – without compromising on comfort.

Crafted from premium goatskin leather, this glove combines supple dexterity with rugged durability. The flame resistant properties reduces ignition risk, limits flame spread, and resists melting or dripping under extreme heat.

With an arc rating of 30 cal/cm<sup>2</sup> (ASTM F2675/2675M, NFPA 70E Category 3) and reinforced in high-wear areas. Its unique inside reinforcement construction reduces catch hazards while extending glove life – keeping you safe and productive longer.

**⚠ Warning:** These gloves do not provide protection against electrical voltage or shock.

### Product Specifications

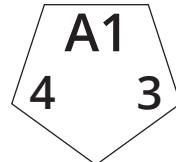

<b>Sizes</b>	6(XS) – 12(3XL)
<b>Color</b>	Yellow
<b>Length</b>	10"
<b>Cuff/Wrist</b>	Shirred wrist
<b>Gauge</b>	n/a
