

PERSONAL STORAGE

Shown on BOOST frame with 30" surface

1 | ALIGN STORAGE DRAWER

Choose if you want to install on left or right side of workstation, then align front of the drawer to the edge of workstation surface.

Note: Be sure drawer is placed on the inside of leg on height-adjustable workstations and that back of drawer is free of obstruction.

2 | SECURE TO WORKSTATION

Using 6 wood screws, secure drawer to underside of surface.

Note: Placement may vary due to size and type of workstation
