★★★★★ Extremely satisfied

My students loved this resource for their homework. I have students that were moved up from preschool and cannot write their names. This helped tremendously for those who were struggling to attempt to write. Now they are trying to write their names on their own.

★★★★★ Extremely satisfied

I love this resources for the first month of kindergarten! There are so many fun ways to keep them engaged with writing and recognizing their first name. I also love the name mats that come with it. I always have some to send home with families to practice.

Frequently Asked Questions

Can you add names with more than 9 letters?

Unfortunately, no. Adding more letters makes the text extremely small and hard for learners to see/read.

What do I need for the autofill to work?

All you need is the Adobe Reader software (which is FREE!) on a desktop computer or laptop.

Do I need a certain font on my computer for this to work?

You do NOT need a certain font! All you need is this resource and the FREE Adobe Reader software!

What words are already included in the worksheets?

These worksheets are blank and ready for you to customize with your own class list.
