★★★★★ Extremely satisfied

This is perfect for emergent readers! I love that the children can feel successful decoding each passage. It only strengthens their reading development, and the differentiation provides each child with exactly what they need to apply reading strategies and continue growing as a reader. Thank you!

★★★★★ Extremely satisfied

I love these so much! These are a part of our daily morning routine in our classroom and I saw reading confidence grow exponentially last year! I loved watching them learn to sound out words and see the difference between sight words and words we can sound out. Great resource!

My students love these passages! They have been helpful in building their fluency, comprehension, as well as practice on how to respond to questions in writing while using part of the question in their response. Thank you!
