These are perfect for my 1st graders. They are decodable. My class reads them together and then students read them on their own as well. Great resource!

I have used these blends and digraphs reading passages with my Tier 2 reading intervention students in small groups. They have just the right amount of text on the page as well as a few comprehension questions at the bottom. They are ideal for modeling how to go back to the passage and find text evidence to answer questions after reading. I appreciate the way these reading passages were updated and can be used for both in person and virtual learning. This is a fabulous resource!

My daughter is already a pretty strong reader so she doesn't need a lot of phonics teaching. These reading passages have been a great way to review and reinforce without being too much. I also like the inclusion of some comprehension. She has fun doing them and will often ask to do extra. Will definitely be buying more
