Great resource to have students practice reading CVC words in context. I have students highlight the vowel pattern first and then read and answer the questions.

I have used these short vowel reading passages with my reading intervention students in small groups. They have just the right amount of text on the page as well as a few comprehension questions at the bottom. They are ideal for modeling how to go back to the passage and find text evidence to answer questions after reading. I appreciate the way these reading passages were updated and can be used for both in person and virtual learning. This is a fabulous resource!
