I love "color by" activities and these were perfect for working on the students really having to listen to the sounds in the words. Thank you!

★★★★★ Extremely satisfied

I purchased quite a few of these coloring activities. My team and I use them as one of the Choice Board activities weekly, depending on what Reading/Phonics or Math mini-lessons we've taught for that day or week. They have been great for reviewing and consolidating their learning. I plan on also sending them to parents over the summer for students to continue practicing. Thank you!!!
