I use this with students across many grades. I have them attempt spelling the word with the correct vowel team, then they can color the pictures in. Students enjoy this activity.

This resource was exactly what I needed to engage beginning of the year second graders. I used these activities for morning work and word work stations during summer school. They loved them!

I purchased quite a few of these coloring activities. My team and I use them as one of the Choice Board activities weekly, depending on what Reading/Phonics or Math mini-lessons we've taught for that day or week. They have been great for reviewing and consolidating their learning. I plan on also sending them to parents over the summer for students to continue practicing. Thank you!!!
