★★★★★ Very satisfied

I used this worksheet in my literacy centers. I LOVE that I was able to edit the sheets to my student's needs. I made a different worksheet with the sight words for each reading group in my classroom. It's an easy way to differentiate! Thank you!

I love that this is editable and that I could change up the sight words each week. I also let the students color their sight words while I was giving running records. They loved this and it kept them busy as I was assessing! Thank you!
