★★★★★ Extremely satisfied

I loved having access to an editable color by code worksheet. It was helpful to be able to input skills that we were currently learning. And it was super easy to do so.

Students used with  
1st grade

★★★★★ Extremely satisfied

A great adaptable set to work on various needs with my mixed level class. It was a bit had to adapt using the computer and printing it but I made it work. The kids loved it!

★★★★★ Extremely satisfied

This is awesome! I love that I can customize it to exactly the sight words my class is working on. The pictures are cute. Best of all, it is EASY to use! Thank you!

(I used an edited copy of the coloring pages in packet work to supplement the online learning of my students)

★★★★★ Very satisfied

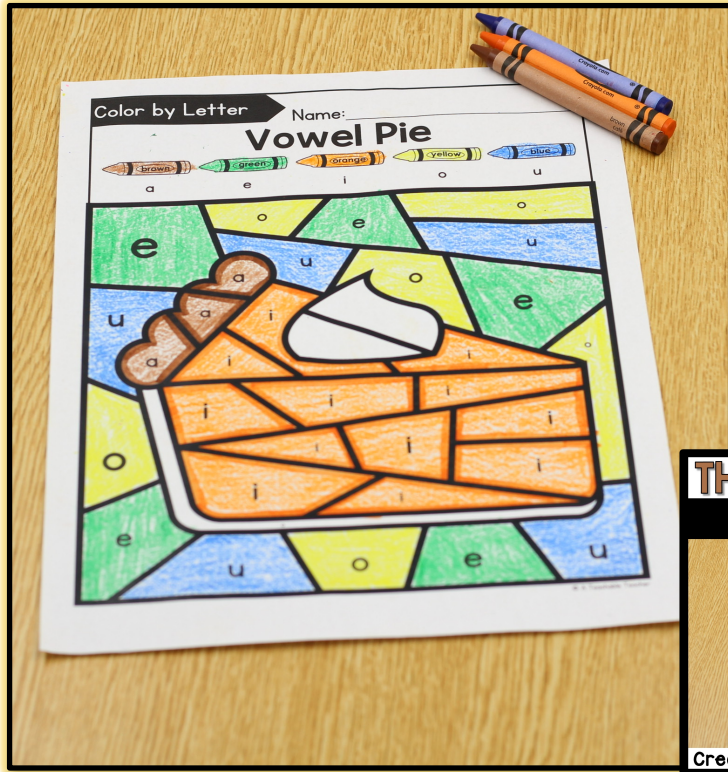

Thank you very much! I loved that this was editable. I was able to put in letters or math facts that my students are working on.

Students used with  
3rd grade  
Primarily students with mild to severe disabilities, and on the autism spectrum

# Frequently Asked Questions

What do I need for the autofill to work?

All you need is the Adobe Reader software (which is FREE!) on a desktop computer or laptop.

Do I need a certain font on my computer for this to work?

You do NOT need a certain font! All you need is this resource and the FREE Adobe Reader software!

Is this product available in a bundle?

YES!!! Click [here](#) for the Color by Code BUNDLE that includes 299 pages!

Can I change the size of the font that automatically generates onto the page?

No, you are not able to change the font size. The font size automatically adjusts based on the length of the word. If this is not working, that means the resource is not being opened in Adobe. Open in Adobe, and you're problem will be solved!
